### Chapter 1 by Grace1517

People cry, not because they are weak but because they have been strong for too long

Forget what hurt you but never forget what it taught you

Follow your heart but take your brain with you

I am not special I'm just limited edition

If you love life, life will love you back

You breath oxygen? We have so much in common

Life is like a mirror, it'll smile at you if you smile at it

True friends say good things behind your back and say bad things to your face

A smile doesn't always mean a person is happy. It just simply means they are strong enough to face their problems

When you actually matter to a person they'll tell you. No lies, no excuses.

Don't fear the enemy that attacks you, but the fake friend that hugs you.

Common sense is like deodorant. The people who need it the most never use it.

Girls wear makeup because they know boys fall in love with what they see. Boys lie because they know girls fall in love with what they hear.

Beauty only captures attention. Personality is what captures the heart.

The prettiest eyes have cried the most tears. The prettiest smiles hide the deepest secrets.

I'm a good enough person to forgive you, but not stupid enough to trust you again.

A good girl should be able to make a guy smile without taking her shirt off.

Today you are you, that is truer than true. There is no one in the world who is youer than you.  
~Dr. Suess

Be somebody who makes everybody feel like a somebody

Being happy doesn't mean everything's perfect, it just means you've decided to look beyond the imperfections.

You have to be at your strongest when you are at your weakest.

Sometimes the right path is not always the easiest one.

Make today so awesome yesterday gets jealous

Do what is right, not what is easy

It's okay to be a glowstick, sometimes we need to break before we shine

Be who you are, not who the world wants you to be

You can't buy happiness but you can buy cupcakes and that's kind of the same thing

Think training's hard? Try losing      See more of Story Wars

If it is important to you, you will find a way. If not, you'll find an excuse

To the world you may be one person but to one person you may be the world

~Dr. Suess

Don't worry about those who talk behind your back, they're behind you for a reason.

The quieter you become, the more you can hear.

The tongue has no bones, but it is strong enough to break a heart.

Silence is the most powerful scream.

Be a good person, but don't waste time to prove it.

I wish that every time I 'like' an outfit on instagram it would magically appear in my closet.

He can't read your mind, so take a moment to let him know how you really feel.

A jealous woman does better research than the FBI.

She's your best friend because she believes in you when you don't believe in yourself

Don't worry about walking a mile in my shoes, just try a day of thinking in my head.

Popularity is not an indication of quality

You can't start the next chapter of your life if you keep re-reading the last one

Trust is like paper, once it's crumpled, it can't be perfect.

Happiness is the secret to all beauty. There is no beauty without happiness.

Don't cry because it's over. Smile because it happened.

All you need is love but a little chocolate now and then doesn't hurt

Either write something worth reading or do something worth writing about.

If you don't make a few enemies now and then you're a coward - or worse.

My life is so much more interesting inside my head.

If a story is in you it has got to come out.

Don't fashion me into a maiden that needs saving from a dragon. I *am* the dragon, and I will eat you whole.

It simply isn't an adventure worth telling if there aren't any dragons.

The brave men did not kill dragons. The brave men rode them.

A reader lives a thousand lives before she dies.

Life is not measured by the breaths we take but by the moments that take our breath away.

Meddle not in the affairs of dragons for you are crunchy and good with ketchup.

A writer never has a vacation. For a writer, life is either writing or thinking about writing.

Those who don't believe in magic will never find it.

Never laugh at live dragons.

Never judge a book by its movie.

Avoid roasted cabbage, don't eat earwax, and look on the bright side of life.
